ACTIVprimary2
for Windows™ and Mac

Enhanced Interactive Whiteboard Software for Early Years & Primary Pupils

ACTIVprimary2, our latest version of interactive whiteboard software for primary educators, offers a stimulating and exciting opportunity for teachers and pupils. Designed specifically for early years and primary classrooms, this simple to use, but fully featured interactive whiteboard software transforms lesson delivery.

ACTIVprimary2 is an essential teaching resource, for teachers to use with their pupils, from an early age. This is an interactive, exciting and fun piece of software, with bright, colourful backgrounds and scenery to enable even the most active of children to stay enthused. Now, you can even record voices, sounds and musical instruments to enrich stories and poems with the built-in sound recorder.

Also, available for use with ACTIVslateXR wireless slate and ACTIVote2 student response system, to enable you to bring greater interactivity during lessons, through increased student participation. ACTIVprimary2 enhances early learning by using technology as a tool.

Packed full of educational features, resources and also an interactive library of shapes, backgrounds, exercises and example lessons saves significant amounts of time for teachers and is full of inspirational ideas for lesson preparation. With over 2,000 items of curriculum clip art including new resources focusing on traditional tales and creative writing, your pupils will be captivated from the very first page of every flipchart.

A truly innovative piece of software, ACTIVprimary2 has been developed to fulfil the needs of both pupils, of any early age, and teachers, with lesson organisation and delivery.

This new and unique software has an uncomplicated, child friendly interface, providing you and your pupils with access to a set of dynamic tools to enrich teaching and learning in every classroom.

About Promethean

Promethean is dedicated to making a difference to our children's education. With over 450,000 schoolchildren in over 45 countries being taught using Promethean Collaborative Classroom solutions, we constantly strive to be at the forefront of research and development. Promethean employees pride themselves on listening to the needs of teachers and learners in order to provide the highest quality

educational solutions available.

Key to our success is that we understand that your requirements go far beyond the products themselves. We aim to build partnerships with our customers, offering free demonstrations of new products, a complete range of training packages, effective practice workshops, and a support team hot-line.

Mac screen shot

ACTIVprimary2 features include:

Pen

2 chunky, easy to handle pens
Cordless and battery free

Toolbox

Easy to reach 'child friendly' icons
Ability to move the toolbox to the top of the page so that younger children have a greater and more accessible working area
A new desktop toolbox with additional tools to enable easy interaction with other software applications

Features

Comprehensive library of pre drawn shapes, lines and arrows
Camera tool with area, freehand, point to point & full screen snapshot
Student keyboard, calculator, rolling dice facility (random number generator) and fraction creator, all with 'add to page' feature
Power tools for mathematics activities, including a ruler for drawing and creating scaled lines, protractor for angle measurement and creation - both with enhanced scaling and measuring facility
Ability to undo and redo actions
Rubber stamp/clone tool for adding multiple images
'Drag and drop' resources into the flipchart page
Ability to lock any object on to the background
Ability to swap between presentation and designer mode, to provide a more comprehensive toolkit for preparing flipcharts away from the board.

New features

Handwriting recognition tool for other application (PC only)
Seamless integration of ACTIVote2 student response system, facilitating whole group interaction and participation
ACTIVslateXR implemented to enable control of the whiteboard from anywhere in the classroom
Not only can you attach pre recorded sounds to images, the built in sound recorder now allows you to record the voices of you or your children for easy inclusion into class presentations
Improved colour fill tool enabling shapes, backgrounds and even individual words to be filled with colour with a single click
A new class clock with digital and analogue display options, count up, count down and pause button
Introduction of a video placeholder on any flipchart page
On screen flipchart bin to quickly delete unwanted objects
Teacher notes pop-up box for keywords, objectives and instructions
Insert and edit text boxes anywhere in the flipchart with the ability to select any system font
Insert hyperlinks within flipcharts to link to other flipchart pages, any file or computer application
Text deconstruction feature allowing single words or a group of words to be copied and extracted from a text box

Flipchart

All flipchart content can be saved, printed or distributed electronically at the end of the lesson

Backgrounds

Scalable and "snap-to" background grids

Resource library

Comprehensive library of shapes, backgrounds, interactive exercises, example lessons and over 2000 items of curriculum clip art

Improved Presentation tools

4-way reveal tool for use over flipchart and with other applications
Spotlight tool with choice of ellipse, rectangle or inverse spotlight for use in flipcharts and with other applications

License

Single user ACTIV board license plus 5 additional preparation licenses

Compatibility

Windows™: Win 98 SE, 2000/XP, NT, ME
Mac OSX

Recommended PC and Mac specifications

Intel PIII 1Ghz or higher (or equivalent),
256Mb RAM, 32Mb Graphics Card, DirectX9, CD Rom Drive and Sound Card

Mac G4 or higher

Minimum system requirements

Requires Internet Explorer v4.01 with SP2 or higher
User with Administrator/Privileged Access Rights for installation
100Mb free Hard Disk Space for Typical Install of ACTIVprimary2 application
1.5GB for a Complete Install (including all Additional Software and Resources)
(800 x 600 at 16 Bit), CD Rom Drive

Promethean support

Training

Each copy of ACTIVprimary2 is supplied with a Quickstart guide, manual and on-screen tutorials
