New 3mm Rod Poster Kits

- A highly economical solution to create powerful window and internal displays that are suspended from the top.
- A floating option that allows information to be changed easily.

Fitted to ceiling or wall. The unique ball bearing allows the unit to be pulled away from the wall or window easily.

Ideal for really awkward windows

Unit can easily be pulled forward to give access to window.

Rod is 2 metres long.

The 3mm diameter rod creates a rigid and discrete display. The bottom of the rod is supplied with a stylish black PVC end cap.

Easy Access Acrylic Pocket to take A4 size paper. Change the display within seconds.

Select from a 3 or 4 pocket kit.

Ref:	Description:	Price £:
